# OLD GRAND-DAD

100 PROOF

The mellow, heart-warming flavor of Old Grand-Dad has its source in nature—but only sheer distilling skill could assist nature in producing a bourbon so smooth and satisfying as The Head of the Bourbon Family. The first golden drop that passes your lips will tell you why Old Grand-Dad has become a prime favorite among those who know, and are satisfied only with, the best! Won't you try it—next time?
